Rest and Revive sleep management toolkit

Insomnia

..... can cause an average of

11.3

missed workdays
per employee per year

or

\$2,280

in lost productivity
per employee per year

Source: Kessler et al., *Sleep*, September 1, 2011.

Welcome to your *Rest and Revive* toolkit

Nearly a quarter of U.S. workers suffer from insomnia, and far more than that report experiencing basic symptoms like fatigue and sleepiness. Those symptoms are linked to memory problems, workplace accidents, and increased absences.* But with this easy-to-use toolkit, you can help your employees get on a path to better sleep—helping to improve morale, reduce stress, and even lower health care costs for you and your employees. Here’s what’s included:

7 weekly emails to guide your employees through the program, plus a promotional email to kick things off

A poster to help drive engagement at the workplace

An employee guide with facts and tips for getting better sleep

A sleep log for keeping track of each night’s rest

A daytime activity log to show how food, drinks, and physical activity affect sleep

Ready to get started? 

✓ Take the first step

Maximize your program’s impact with this hands-on action guide. It’s designed for flexibility to fit your organization’s needs – and improve engagement by helping your employees adopt better sleep habits. You simply check off the boxes as the checklist walks you through the four basic steps of a successful program:

Not your first workforce health program? Skip ahead to the “Plan” section on page 6.

Let’s go! >

① Assess

Steps	When	What to do	Tools and resources
○ Get leadership endorsement.	Preprogram	○ Present a business case to your leadership team on the benefits of healthy activities.	<ul style="list-style-type: none"> • Build a case for workforce health shows how to engage leadership with facts and figures.
		○ Get your organization recognized for current healthy activities.	<ul style="list-style-type: none"> • Apply for the American Heart Association's Fit-Friendly Worksites program.
		○ Have your CEO or other leaders demonstrate their commitment to workforce health.	
○ Gather baseline organizational data.	Preprogram	○ Survey your employees on their interest in healthy lifestyle activities.	<ul style="list-style-type: none"> • Create your own free surveys with SurveyMonkey or Google. • For more ideas, see our employee health interest survey.
		○ Assess your work environment to see what you're already doing to support healthy behaviors. Look at: <ul style="list-style-type: none"> • food in vending machines • how walkable your workspace is • whether you're hosting healthy meetings 	<ul style="list-style-type: none"> • Rate the healthiness of your organization's vending options. • Worksite walkability audit tool helps you assess walkability at your workplace. • Healthy Meetings Guide
